I would like to offer you a warm welcome to the Governing Body of Avondale Primary School and provide you with some information which you may find useful.

As a Governing Body we have many responsibilities as well as facing challenges particularly when new initiatives and strategies are introduced, but don't worry, your fellow Governors, the Headteacher and Staff, as well as officers from the Local Authority are all on hand to help you. All Governors are encouraged to take an active part in the life and governance of the school as well as being given the opportunity to use and develop their own skills to help the children gain as much benefit as they possibly can from their time at Avondale Primary School.

I hope you will find being a Governor a pleasurable and rewarding experience, and look forward to working with you in the very near future.

As well as the information included in this booklet, you will also receive a number of useful documents including the school prospectus, a copy of the Instrument of Governance and the DfE Governors' Handbook – see the link below:

(<https://www.gov.uk/government/publications/governors-handbook--3>) .

Should you require any further information or have any questions, please do not hesitate to contact me at school.

Yours faithfully

Mrs Vicky Brown

Mr Iain Schofield

ROLE OF THE GOVERNING BODY - CONSTITUTION AND TERMS OF REFERENCE

The Full Governing Body meets at least once a term on dates planned in the Summer Term for the forthcoming academic year. At each regular termly meeting, the Governors receive the Head Teacher's report and the minutes of any Governors' Committee meetings. The draft agenda for full Governing Body meetings is drawn up by the Local Authority and the Chair of Governors, in consultation with the Head Teacher, who will amend it as appropriate.

The Chair meets regularly with the Head Teacher in order to provide challenge and support as well as keeping themselves informed of the wide range of issues affecting the school. Notes are kept of these meetings.

The Governing Body has established four main committees– Finance and Staffing; Curriculum; Buildings & Premises and Standards & Effectiveness. Their membership will be determined annually, or more often as appropriate; e.g. following a change in governor representation; with the general principle that all Governors will be a member of at least one of the committees; and that there will so far as possible be equal numbers of each category of governor on each of those committees. Where possible, the decision as to which Committee a Governor should serve on will be determined by their particular skills and previous experience.

The Governing Body will establish as appropriate, a committee to consider an appeal from a parent/other adult having been being barred from the school premises by the Head Teacher. Complaints will be dealt with in line with the school's complaints policy (see website).

The Governing Body will identify link Governors for identified areas including;

- Maths and English
- Safeguarding
- Inclusion and SEND
- Pupil Premium
- Health and Safety

The Governing Body should be read in conjunction with the Scheme of Delegation, which provides further detail on committee and individual's financial responsibilities.

This list provides brief details of the categories of school governors:

Parent Governors– (all state schools)

Any parents, or carer, of a registered pupil at the school at the time of election is eligible to stand for election for parent governor. Parent governors may continue to hold office until the end of their term of office even if their child leaves the school. Governing bodies may only appoint as a parent governor a parent who has, in their opinion, the skills to contribute to effective governance and the success of the school.

A parent governor is a representative and not a delegate of parents; neither is their role to promote the interests of their own children but all children.

Staff Governors– (all state schools)

Teaching and support staff who, at the time of the election, are employed by either the governing body or the local authority to work at the school under a contract of employment, are eligible to be staff governors. Staff governors are elected by school staff. They cease to hold office when they cease to work at the school. Their role will not be to represent staff, nor to stand alongside the Head Teacher in being held to account by the governing body, but to operate as part of the governing body to provide strategic leadership and to hold the head teacher to account.

LA Governor - (all state schools) –

Local authority governors are nominated by the local authority but appointed by the governing body. The local authority can nominate any eligible person as a local authority governor, but it is for the governing body to decide whether their nominee has the skills to contribute to the effective governance and success of the school and meets any other eligibility criteria they have set. An individual eligible to be a staff governor at the school may not be appointed as a local authority governor.

Co-opted Governors

Co-opted governors are appointed by the governing body. They are people who in the opinion of the governing body have the skills required to contribute to the effective governance and success of the school.

Associate members

Associate members are appointed by the governing body to serve on one or more governing body committee. They may also attend full governing body meetings. They are not governors and therefore do not have a vote in governing board decisions, but may be given a vote on decisions made by committees to which they are appointed. Associate members should be appointed because of the specific expertise and experience they can contribute to the effective governance and success of the school. The governing board may appoint a pupil, school staff member or any other person so they can contribute their specific expertise and help address gaps identified in the skills of governing board members.

GOVERNOR TRAINING

Governors are expected to undertake training at least annually to ensure that they know their role, can support and challenge the school and so they can contribute to school life.

Governors can access training provided by Blackburn with Darwen, which is sent out termly via email and also with the termly full Governing Body information. Avondale also buys into the National Governance Association (NGA) which is a website that holds a wealth of information.

SCHOOL FUNDING

Revenue Funding (Main Budget Allocation)

Revenue funding comes from the local authority and is known as the delegated budget. It provides funding for the day-to-day running costs of the school, for example staff salaries, energy costs, learning resources etc.

The Department for Education (DfE) will calculate the amount of funding local authorities are to receive to spend on schools, and will distribute this in the form of a ring-fenced grant known as the Dedicated Schools Grant (DSG). The DSG is delegated to individual schools on the basis of the local funding formula, which distributes the majority of funding to schools on the basis of pupil numbers.

Capital Funding (DFC)

Capital funding is made available to schools for spending on school buildings and/or furniture and equipment (including ICT equipment). The funding cannot be used to support the day-to-day running costs of the school or any routine building maintenance.

All schools receive a devolved capital allocation, which is calculated on a formulaic basis. In addition to this, Local Authorities receive capital funding for schools, which is utilised on individual schools according to need.

Pupil Premium

The pupil premium was introduced in April 2011 and is allocated to schools to support pupils who have been registered for free school meals at any point in the last six years (known as 'Ever 6 FSM').

The government believes that Head Teachers and school leaders should decide how to use the pupil premium. They are held accountable for the decisions they make through:

- the performance tables which show the performance of disadvantaged pupils compared with their peers
- the Ofsted inspection framework, under which inspectors focus on the attainment of pupil groups, and in particular those who attract the pupil premium
- the reports for parents that schools have to publish online.

The Governing Body and the School Budget

The Governing Body has a statutory responsibility for the financial management of the school, which includes deciding how the available funding is spent. In its strategic role, it must set the educational and financial priorities for the school and ensure the budget is managed effectively. It has a legal obligation to agree the annual budget plan, which must be submitted to the local authority.

The budget for the school should follow the priorities and objectives as set out in the School Improvement Plan. The Governing Body may delegate the preparation of the budget to a committee, who should ensure that the Head Teacher and Office Manager are also involved in the budget setting process as appropriate. The committee may also wish to have due regard to benchmarking data available for other schools in similar situations. This may be found in school or on the DfE website.

The Governing Body should ensure that its financial responsibilities and those of its committees, the Headteacher and other staff are clearly defined and set down in a written policy. This allows the Governing Body to ensure that adequate systems of financial control are in place and that it receives the information it needs to carry out its role.

Once the budget has been approved, the Governing Body should monitor spending regularly throughout the year to ensure that it is in line with the budget. Where significant variances are identified these should be understood and any appropriate action and subsequent amendments to the budget made.

Schools are subject to both local authority auditing of the schools financial procedures and practices and possibly external audit as part of the audit of the local authority. The Governing Body should receive the auditor's report and ensure that any recommendations are acted upon and implemented as necessary.

As part of the inspection process, OFSTED will look at how well the school makes use of its resources and how these are linked to educational priorities.

The Fair Funding Scheme for Financing Schools

The Fair Funding Scheme for Financing Schools is a statutory document under Section 48 of the Schools Standards and Framework Act 1998. This Scheme sets out the financial relationship between the Local Authority and the maintained schools, which it funds. The Scheme details the requirements relating to financial management and associated issues that must be adhered to by the Local Authority and all maintained schools. The requirements are binding on both the Authority and on schools.

Code of Conduct for School Governing Boards

2019 Version

This code sets out the expectations on and commitment required from school governors, trustees and academy committee members in order for the governing board to properly carry out its work within the school/s and the community. It can be amended to include specific reference to the ethos of the particular school. Unless otherwise stated, 'school' includes academies, and it applies to all levels of school governance.

This code can also be tailored to reflect your specific governing board and school structure, whether that is as a maintained school or academy, either as a single school or group of schools. Where multiple options are given, i.e. senior executive leader/headteacher and governor/trustee/academy committee member, please amend to leave the option relevant to your governing board.

Once approved by the governing board, the Code will apply to all governors/trustees/academy committee members.

This Code should be read in conjunction with the relevant law and for academies, their articles of association and agreed scheme of delegation. It should be adapted as appropriate depending on the governance setting and level of delegation. However, its guiding principles should be retained regardless of the governance setting and level of delegation afforded to it.

The governing board has the following 3 strategic functions:

Establishing the strategic direction, by:

- Setting and ensuring clarity of vision, values, and objectives for the school(s)/trust
- Agreeing the school improvement strategy with priorities and targets
- Meeting statutory duties

Ensuring accountability, by:

- Appointing the lead executive/headteacher (where delegated)
- Monitoring the educational performance of the school/s and progress towards agreed targets
- Performance managing the lead executive/headteacher (where delegated)
- Engaging with stakeholders
- Contributing to school self-evaluation

Overseeing financial performance, by:

- Setting the budget
- Monitoring spending against the budget
- Ensuring money is well spent and value for money is obtained
- Ensuring risks to the organisation are managed

NGA recognises the following as the fourth core function of governance:

Ensure that other key players with a stake in the organisation get their voices heard by:

- Gathering the views of pupils, parents and staff and reporting on the results.
- Reaching out to the school's wider community and inviting them to play their part.
- Using the views of stakeholders to shape the school's culture and the underpinning strategy, policies and procedures.

As individuals on the board we agree to the following:

Role & Responsibilities

- We understand the purpose of the board and its strategic role.
- We understand how the role of the board differs from and works with others including the headteacher and where appropriate, executive leaders, trust boards and academy committees.

- We accept that we have no legal authority to act individually, except when the board has given us delegated authority to do so, and therefore we will only speak on behalf of the governing board when we have been specifically authorised to do so.
- We accept collective responsibility for all decisions made by the board or its delegated agents. This means that we will not speak against majority decisions outside the governing board meeting.
- We have a duty to act fairly and without prejudice, and in so far as we have responsibility for staff, we will fulfil all that is expected of a good employer.
- We will encourage open governance and will act appropriately.
- We will consider carefully how our decisions may affect the community and other schools.
- We will always be mindful of our responsibility to maintain and develop the ethos and reputation of our school/group of schools. Our actions within the school and the local community will reflect this.
- In making or responding to criticism or complaints we will follow the procedures established by the governing board.
- We will actively support and challenge the executive leaders.
- We will accept and respect the difference in roles between the board and staff, ensuring that we work collectively for the benefit of the organisation.
- We will respect the role of the executive leaders and their responsibility for the day to day management of the organisation and avoid any actions that might undermine such arrangements.
- We agree to adhere to the school's rules and policies and the procedures of the governing board as set out by the relevant governing documents and law.
- When formally speaking or writing in our governing role we will ensure our comments reflect current organisational policy even if they might be different to our personal views
- When communicating in our private capacity (including on social media) we will be mindful of and strive to uphold the reputation of the organisation.
- We will avoid, as far as possible, becoming involved in any communication which may lead to a conflict of interest with the role of the governing board.

Commitment

- We acknowledge that accepting office as a governor/trustee/academy committee member involves the commitment of significant amounts of time and energy.
- We will each involve ourselves actively in the work of the governing board, and accept our fair share of responsibilities, including service on committees or working groups.

- We will make full efforts to attend all meetings and where we cannot attend explain in advance why we are unable to.
- We will get to know the school/s well and respond to opportunities to involve ourselves in school activities.
- We will visit the school/s, with all visits arranged in advance with the senior executive leader/headteacher and undertaken within the framework established by the governing board.
- When visiting the school in a personal capacity (i.e. as a parent or carer), we will maintain our underlying responsibility as a governor/trustee/academy committee member.
- We will consider seriously our individual and collective needs for induction, training and development, and will undertake relevant training.
- We accept that in the interests of open governance, our full names, date of appointment, terms of office, roles on the governing board, attendance records, relevant business and pecuniary interests, category of governor and the body responsible for appointing us will be published on the school's website.
- In the interests of transparency we accept that information relating to governors/trustees/academy committee members will be collected and logged on the DfE's national database of governors (Get information about schools).

Relationships

- We will strive to work as a team in which constructive working relationships are actively promoted.
- We will express views openly, courteously and respectfully in all our communications with other governors/trustees/academy committee members, the clerk to the governing board and school staff both in and outside of meetings.
- We will support the chair in their role of ensuring appropriate conduct both at meetings and at all times.
- We will confront malpractice by speaking up against and bringing to the attention of the relevant authorities' any decisions and actions that conflict with the Seven Principles of Public Life (see annex) or which may place pupils at risk.
- We are prepared to answer queries from other board members in relation to delegated functions and take into account any concerns expressed, and we will acknowledge the time, effort and skills that have been committed to the delegated function by those involved.
- We will seek to develop effective working relationships with the executive leaders, staff and parents, the trust, the local authority and other relevant agencies and the community.

Confidentiality

- We will observe complete confidentiality when matters are deemed confidential or where they concern specific members of staff or pupils, both inside or outside school.
- We will exercise the greatest prudence at all times when discussions regarding school/trust business arise outside a governing board meeting.
- We will not reveal the details of any governing board vote.
- We will ensure all confidential papers are held and disposed of appropriately.

Conflicts of interest

- We will record any pecuniary or other business interest (including those related to people we are connected with) that we have in connection with the governing board's business in the Register of Business Interests, and if any such conflicted matter arises in a meeting we will offer to leave the meeting for the appropriate length of time.
- We accept that the Register of Business Interests will be published on the school/trust's website.
- We will also declare any conflict of loyalty at the start of any meeting should the situation arise.
- We will act in the best interests of the school as a whole and not as a representative of any group, even if elected to the governing board.

Ceasing to be a governor/trustee/academy committee member

- We understand that the requirements relating to confidentiality will continue to apply after a governor/trustee/academy committee member leaves office

Breach of this code of conduct

- If we believe this code has been breached, we will raise this issue with the chair and the chair will investigate; the governing board will only use suspension/removal as a last resort after seeking to resolve any difficulties or disputes in more constructive ways.
- Should it be the chair that we believe has breached this code, another governing board member, such as the vice chair will investigate.

Adopted by the governing board of Avondale Primary School in March 2019.

Annex

The seven principles of public life

Originally published by the Nolan Committee: The Committee on Standards in Public Life was established by the then Prime Minister in October 1994, under the Chairmanship of Lord Nolan, to consider standards of conduct in various areas of public life, and to make recommendations)

Selflessness - Holders of public office should act solely in terms of the public interest.

Integrity - Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.

Objectivity - Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

Accountability - Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

Openness - Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

Honesty – Holders of public office should be truthful

Leadership – Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

What is the role of a Governor?

As part of the governing board team, a governor is expected to:

1. Contribute to the strategic discussions at governing board meetings which determine:
 - the vision and ethos of the school
 - clear and ambitious strategic priorities and targets for the school
 - that all children, including those with special educational needs, have access to a broad and balanced curriculum
 - the school's budget, including the expenditure of the pupil premium allocation
 - the school's staffing structure and key staffing policies
 - the principles to be used by school leaders to set other school policies
2. Hold executive leaders to account by monitoring the school's performance; this includes
 - agreeing the outcomes from the school's self-evaluation and ensuring they are used to inform the priorities in the school development plan
 - considering all relevant data and feedback provided on request by school leaders and external sources on all aspects of school performance
 - asking challenging questions of school leaders
 - ensuring senior leaders have arranged for the required audits to be carried out and receiving the results of those audits
 - ensuring senior leaders have developed the required policies and procedures and the school is operating effectively according to those policies
 - acting as a link governor on a specific issue, making relevant enquiries of the relevant staff, and reporting to the governing board on the progress on the relevant school priority
 - listening to and reporting to the school's stakeholders: pupils, parents, staff, and the wider community, including local employers
3. Ensure the school staff have the resources and support they require to do their jobs well, including the necessary expertise on business management, external advice where necessary, effective appraisal and CPD (Continuing Professional Development), and suitable premises and that the way in which those resources are used has impact.
4. When required, serve on panels of governors to:
 - appoint the Headteacher and other senior leaders
 - appraise the Headteacher
 - set the Headteacher's pay and agree the pay recommendations for other staff
 - hear the second stage of staff grievances and disciplinary matters
 - hear appeals about pupil Exclusions

The role of a governor is largely a thinking and questioning role, not a doing role. A governor does NOT:

- write school policies
- undertake audits of any sort – whether financial or health & safety - even if the governor has the relevant professional experience
- spend much time with the pupils of the school – if you want to work directly with children, there are many other voluntary valuable roles within the school
- fundraise – this is the role of the PTA – the governing board should consider income streams and the potential for income generation, but not carry out fundraising tasks
- undertake classroom observations to make judgements on the quality of teaching – the governing board monitors the quality of teaching in the school by requiring data from the senior staff and from external sources
- do the job of the school staff; if there is not enough capacity within the paid staff team to carry out the necessary tasks, the governing board need to consider and rectify this

As you become more experienced as a governor, there are other roles you could volunteer for which would increase your degree of involvement and level of responsibility (e.g. as a chair of a committee). This role description does not cover the additional roles taken on by the chair, vice-chair and chairs of committees. In order to perform this role well, a governor is expected to:

- get to know the school, including visiting the school occasionally during school hours and in agreement with the Headteacher, and gaining a good understanding of the school's strengths and weaknesses
- attend induction training and regular relevant training and development events
- attend meetings (full governing board meetings and committee meetings) and read all the papers before the meeting
- act in the best interests of all the pupils of the school
- behave in a professional manner, as set down in the governing board's code of conduct, including acting in strict confidence

REWARDS OF BEING A SCHOOL GOVERNOR

Being a governor is a rewarding and valuable experience. While undertaking your role as governor you are:

- investing in the next generation through provision of a sound and good quality education;
- developing new skills;
- acquiring new knowledge;
- developing a sense of community involvement and partnership;
- using your personal qualities and expertise to help the school, its pupils and its staff;
